Judy,
Mavis will be out of the office through this week and early part of next week to tend to a personal matter. I would not count on her being back in time for the meeting on the 22nd but may be available on the 25th, although this is her flex day off. I will be out next week and unfortunately cannot make either meeting in her place.

I would appreciate you sending me a copy of the proposed plan since I have not seen a copy of the document. Am I correct in presuming a copy has been sent to Mavis?

Bruce Gilles, Manager
Cleanup & Emergency Response Section
DEQ Northwest Region

Subject: Community Meeting Requests for Reynolds Metals Superfund Site

We have received two requests for community meetings for the Reynolds Metals Superfund Site Proposed Plan and are in the process of scheduling two meetings.

1. Meeting with the elected officials of Wood Village (with participation from Fairview and Troutdale officials) on Friday, August 25 from 10:00 - 11:30 a.m. This meeting will also be open to the community. The location is the Wood Village city council chambers at 2055 NE 238th Drive (on the corner of 238th and Halsey). They would like a brief presentation about the proposed cleanup plan, with lots of time for questions and answers plus an opportunity to provide comments for the record.
2. Public town hall style meeting on Tuesday, August 22 from 7-9 p.m. at the Troutdale Community Center 104 SE Kibling. More details to follow.

Mavis and Steve - Please let me know if you are available to join Chip at these meetings. I know he would value your attendance at the meeting if you can make it on this short notice.

Thanks.
